Unified Meeting X

UMX is the most secure, cost-effective, robust and easy to use video conference platform on the market today.

Flawless Meetings. No Downloads. **No Contracts.**

A Secure and Private Meeting Platform

UMX was designed with your security and privacy in mind:

- No matter how you use UMX - in-browser or with video room systems - there is nothing to download or install, and no additional hardware required;
- The WebRTC technology that UMX is built on is inherently encrypted, adding an additional layer of security;
- None of your personal information is collected or stored.

Unlimited Recordings

Make unlimited recordings of video and/or audio calls:

- Unlimited recording and storage;
- Easy access via customer portal;
- Available immediately to download or email to collaborators.

Unlimited Teleconferencing

Use the platform to host unlimited teleconference calls using toll-free or local dialing:

- International and NA toll and toll-free numbers are included with license;
- Use as an unlimited audio-only conferencing service.

Active Monthly User Pricing

Only pay for the UMX licences that get used that month:

- Sign up anyone who may need to host a video meeting or share content to collaborate online;
- Did they host any UMX meetings that month? Pay a low monthly fee for unlimited access;
- Didn't host UMX meetings that month? Don't get charged for the service!

Sign up all of your users (with no contract) so that they can host unlimited meetings, but only pay for those who use it! Pay-per-minute options also available!
